

SKILL-BASED ASSESSMENT OF LANGUAGE

Student:

Completed by:

This checklist describes areas where language problems may affect a student's ability to perform successfully in the classroom.

Please read through the following statements and circle Y (yes, it is a true statement) or N (no, it is not a true statement).

Y N 1. The student can follow oral directions independently in the classroom provided he/she is paying attention.

Explain:

Y N 2. The student generally understands vocabulary and/or concepts presented in class.

Explain:

Y N 3. The student uses sentences that are grammatically correct when speaking.

Explain:

Y N 4. The student is readily understood by the listener when speaking in class.

Explain:

Y N 5. The student is able to relate ideas in a correct or logical sequence when explaining, describing, telling or retelling.

Explain:

Y N 6. The student uses age appropriate vocabulary and a variety of words when expressing him/herself in class.

Explain:

Y N 7. The student answers questions such as main idea and details about a story or other information that has been presented orally in class.

Explain:

Y N 8. The student stays on topic in discussion/conversation.

Explain:

Y N 9. The student willingly participates orally in the classroom.

Explain:

Y N 10. The student is able to make friends with peers and play/interact appropriately most of the time.

Explain:

Please list here any additional observations that you have about this student's language and/or social skills that may be relevant.
